

Wine Around Colorado

Colorado's Only Statewide Barrel Tasting Event!

Last year's event, A Taste of Spring, has been rebranded and we are looking for as many CAVE member wineries to take part! This two day event will take place over two weekends, April 22 & 23 and May 6 & 7. Tickets will be sold to the public for \$25 (taxes and fees included) and attendees will receive a wristband and map that allows them entry to sip and sample wines at all participating wineries over the weekend they select. We are requesting that attendees select which region of the state they plan on starting their tour (Front Range, North Fork, Western Slope, etc.) We will share this list with the participating wineries to give them a better idea of how many attendees to prepare for each weekend.
