

Colorado's Only Statewide Wine Tasting Event!

Last year's event, Wine Around Colorado featured over 30 wineries across Colorado and sold over 150 tickets statewide. This year, the event will take place just one weekend, June 9 & 10. Tickets will be sold to the public for \$25 (taxes and fees included) and attendees will receive a wristband and map that allows them entry to sip and sample wines at all participating wineries. We are requesting that attendees select which region of the state they plan on starting their tour (Front Range, North Fork, Western Slope, etc.) We will share this list with the participating wineries to give them a better idea of how many attendees to prepare for.
